“ Brian and I met In the summer of 1999 through a mutual friend. Who invited some of my friends to a graduation party out at his farm house. That night was a great night I met several people who believe to be life long friends now. We had many ups and downs over the years sharing vacations with your family, you made me feel like I had a second family. Your parents John and Bev were amazing people who I had a deep respect for. Again thank you for including me on those summer vacations. Over the years we went through a lot things together like loss and love, but unfortunately during that time we unfortunately drifted apart. But Brian I still think of you as a brother, you've had my back so many times I can't remember. It was a privilege to call you a friend and a member of my extended family and friends during the grillouts at my parents house, to mudding behind your parents house and many many more memories. Too many to count. In closing I wanna say I'm gonna miss you my friend, and I hope to see you again one day. And to Bev, Jana, and Jesse and the rest of the family offer my condolences from my family to yours. Know if you ever need anything I'm a phone call away

With Love, Robert Williamson

“ I can't believe he's gone! I will NEVER forget Brian and will always cherish the many many memories I have over the last 20+ years. Life won't be the same without him. I send my deepest condolences and much love and hugs to Bev and family. I pray for peace and healing. When you lose someone you love, you gain an angel that you know.
