“ *The Night Before*

The night before; You ran to me, telling me how much you loved me, and how happy you were that we were together and working things out.

The night before; We said how sorry we were for all the bad things that had been said and done. A calming sense of tenderness and love: The way it used to be.

The night before; We laid together and talked, like we did when our love began. We feel asleep in each others arms, a peace we hadn't felt for quite a while

Thank You baby for making everything happen. Did you have some premonition? I wish we could live forevermore in: The night before

*You left this world in peace
Go rest Sweetness*

I Love You Amy Dawn

*Your man
Larry*
