“ *Dear Elisa & Meredith:*

Having worked at Lebanon Schools for 29 years, I have met a lot of children and families. I have known Andy for at least 10 years. Andy was one of those special kids that you will always remember.

As a family, you have done everything possible to bring Andy happiness. whether it was having him on the sidelines at a football or soccer game, being at a softball game, or sitting at the edge of a team bench at a basketball game. He was happy to be there. He had the biggest heart of any Warrior fan.

You should also be very proud of yourselves for being the special family that Andy needed. God put him in your loving hands to guide him through life.

*God Bless

“ The first time I met Andy was my first day working in the high school. I was greeted with his warm smile and knew immediately I was going to love this new assignment with him in this classroom. All the great times we shared together with all his friends, classmates, students from PEOPEL class of which were close to his hearts. I remember the times we danced together at Daylight Prom and all the girls who danced with him as well. I loved hearing the stories about the game the night before or one that was coming up - whether it be the Reds, Lebanon Warriors or his other pride and joy Ohio State Buckeyes. I thank all the wonderful things his family did for him on special days at school that many of us got a chance to share. I can't forget the great party given by staff and coworkers for his 'graduation' and last day of school at Lebanon. He touched us all and will be greatly missed by many. Wave your Warrior flag to us, Andy, as you look down upon us with the fan spirit you will always still have and have engrained in all of us!

God bless!

“ I met Andy when I was playing softball and basketball at Lebanon High School between 2003- 2007. He was always there to put a smile on your face after you made a bad play or things didn't go your way. Andy was always able to remind you, without saying a word, what life is really all about. I will forever be grateful to him for that and I don't think I can put into words how much he taught me. I hope that he knows the impact he made on my life and how much he inspired me. His smile and laugh was better than any win or trophy. Prayers for Andy and his family. Thank you for the opportunity to meet such a wonderful person.

“ I met Andy many years ago as a sub at the Junior High and then got to know him more when i got hired full time at the high school. Andy is up in heaven discussing baseball with Sparky and football with Paul Brown. He is probably giving them an earful about these past seasons. Andy was a blessing here on earth that we all cherished having. Andy, has I am typing this, I am drinking a Mountain Dew in your honor. You smile will be missed, but you left a huge footprint on this earth. Take care and God bless you. Mr and Mrs. Maines you gave us a wonderful gift in Andy and I want to thank you for letting us share him with you.

“ I met Andy many years ago when I worked with the Lebanon Fire Dept. and went into the schools to teach safety lessons. He always told me I was his girl friend and would light up that beautiful smile of his when he saw me. The biggest thrill I got way when I went to the Daytime Prom at LHS a couple of years ago (only prom I went to in my life) and Andy and I danced. He was so happy and giggled when I would spin him around. I also remember when I taught his class at LHS CPR and his did his best to learn it because he said some day he might need to save someones life. I was such a joy to be around Andy and I will truly miss him. My prayers and thoughts are with his family.

“ For three years I was fortunate to be Andy's assistant at LHS. We had lots of laughs and good times. The day I wheeled him across the stage to graduate, he could have been my own son. So proud of Andy and all his trials he endured through his short life. Meredith and Elisa, you raised a wonderful son I am happy to have known. God Bless- Miss Barb

“ Meredith and Elisa -

My sincere condolences and sympathies on your loss. Andy was a beacon of positive attitude and enthusiasm for all that grew to know him. I met Andy at our Day Program in Lebanon. In the all too infrequent times we spoke at length, he always was full of life and information about the Reds and their (sometimes dismal) chances for success that year! His personality and laugh were infectious and he will serve as an inspiration for us in the helping fields to forever persevere to assist others. Truly our loss is Heavens gain - my thoughts and prayers are with you both, God Bless -

“ *I graduated three years ago and still remember Andy's amazing personality and smile. Passing him in the hallway and getting a high five from him would light up my day. He had the truest and deepest love for people and was so incredibly inspiring. I know hes looking down on everyone with the same love and enthusiasm.*

My thoughts and prayers are with him family.

“ No one gave a better high five then Andy Maines. Every Warrior should have the passion he had. I will miss his enthusiasm and genuine personality.

“ Andy had more warrior pride than anybody in lebanon. When I think of a warrior I think of Andy and his smile, courage, and the love he had for all of us. Lebanon will not be the same with out Andy in the halls or at the games but, I know he will be looking down on lebanon cheering on the Warriors past, present, and future. Love you buddy
