“ I love you always and forever chick! I just wanted to say I'll never forget you. I tend to not think of the people who passed in my life because the thought of it hurts so much! But you hold a special place in my heart. It's your birthday month babe. Happy new year I wish you were here.

“ My sweet, funny, bubbly Ashleigh....
I am literally at a loss for words!! My heart is broken... I can't even wrap my mind around this... It just doesn't seem real?!? I will forever carry all of our beautiful memories close in my heart. We have had so many good times together, I can just hear your laugh in my head right now and I can't stop the tears from falling... You will always have a very special place in my heart Ash... You are more like family to me than anything and that will never change. There isn't anything good about this but i try finding comfort in the fact that your fight is over and heaven gained one precious angel. I send my deepest condolences to your family... You all are in my thoughts and prayers.... And innocent little abby girl... I am so sorry, I can't even imagine!! I love you Ashleigh, may your soul rest in peace baby girl!!! I love you Misti & Sharon. I am always here if you need someone to talk to or just a shoulder to cry on.
