“ *I want to send my love and condolences to the family! I was shocked to hear of Brenda's passing and I want to let you know that I am always here if you need a shoulder. Tony and Kenny, I was only your step mom for 5 years but I have always felt like you are my boys and I love you dearly, so I hope you will allow me to help you through your time of grief. (I certainly know how it feels to lose a parent you ❤️ love!!!) You both know where I live if you want to come see me or call me (937)603-7931. I love you. Take care!*

“ I have so many great memories of Brenda growing up. I was the youngest of the group of kids, even though me and my sister were step nieces, we were all so close in age it was more like siblings. When ever I would be teasing the older ones and they would come after me, I always ran to Brenda to protect me and she would. No one messed with Brenda! ❤️
Weddings were a big deal in the Jackson clan, I remember one wedding Brenda got my sister and I for the weekend to help bake and make candies. We ran around getting the church all set up. She even made sure we had dresses to wear to it. 😊
She was an amazing person. I watched her raise Tony and Kenny as a single mother and admired her strength and courage. She was a great mother. I will miss you Brenda, as so many others. Love you always Brenda Kay!

*The life of My Sister.(Brenda) I will miss her and I know she was a strong woman and raised two good (boys) Young Men. I'm sure they will miss her and she fought to the very last minute.
I had the opportunity to spend several hours with her while I was at the hospital and I can't put in words how happy I was able to see her before she passed. We had some laughs and and some tears as she was laughing at the nurses. She was disgruntled and not going to give into the nurses. We laughed at the times we were growing up and we laughed how we talked about time on the farm and we would we would have Jocko get her each time when she went outside. She would take out running and screaming he would just want to play. The Black & White cow dog.
She was so funny, although sick and week she fought hard and I thought she was going to pull herself through.
We had such a conversation and talked about how our life and how we all developed and how we spread out and grew up with two mothers in which you can be with them now.
Go rest and we will always love you and think about you. Again I was very happy I was able to spend the time I spent with you and really can't put it all in words. Will miss you and love you. Frank your Brother.*
