“ Scott and I had been friends since high school. We remained friends throughout the years. Unfortunately, I had not gotten to see him in quite a while but, he was always in my thoughts and prayers. I enjoyed getting to know him during school and marching band. After school we keep in touch off and on. Then, I got to visit him during visits to Tennessee. I will always think of you carrying up your snare drum from the field after a game in your band uniform with that grin on your face. You will be missed Scott!!

“ I had so many great adventures with you Scott. From high school into the 90’s. My favorite was cruising in your Camaro cranking up Rush and AC/DC Highway To Hell all the way through. You always had the best stereo’s in your cars. We hadn’t stayed in touch of the past few years but you will always be considered one of my best friends.
