“ *Excuse me if I speak incorrectly. My father was more then a father, he was my best friend. At the age of 2 it was just me and him and he raised me by his self. There's so many things he has taught me in my lifespan but one thing is how too love one another. We went through alot of rough times but my dad never gave up on me. I love you pops! Til we meet again. Have too listen too the Stones at least once a day for u brotha.*
