“ *I don't know what made me think of Dom just yesterday and I looked him up only to be saddened by this news. I haven't seen Dom since about 1992 when we were in school together at Ohio University. I remember Dom as a peaceful good soul that was always available to talk and would help anyone in any way that he could. At the moment I feel like maybe Dom reached out to me from beyond this life to let me know he is fine and that I will be too. I lost my dad in August and a close uncle just last week and I have been sad. Dom, May the road rise up to meet you and may the wind be always at your back and until we meet again may God hold you in the palm of his hand. I wish I would've stayed better in touch after college and get to meet your wonderful family. I pray that your family heals and rejoices and be glad to have you as a son, husband, father, brother, cousin, uncle and friend. Thanks for reaching out to me Dom it lifted my spirits from despair.*

“ *I was saddened to learn of Dom's passing on Labor Day. We've been online friends for a few years, and finally got together last Christmas for a fossil hunt in Indiana. We had a great time and have been sharing photos of our fossil finds ever since. I'm saddened by his sudden passing from this earth, but his faith in the Lord that Wendy nurtured will serve him for all eternity.*
