“ We were friends for so long a time You always had mu back and watched over me. You always were so good to my Tiffany who though of you like a Grandpa. I miss you so very much. I wish we could still talk. Now you're with our Lord and Savior riding that beautiful Harley in the sky. I was so happy I had the opportunity to speak with you just a few days before you left us. Until we meet again love. you were and always will be my guardian angle and spiritual guide... HUGs

Golly we had some good times together and I recall those times with fondness, many rides together on our Motorcycles and I always had a place to lay my head when I was tired, thank you for the good times.
