“ Dusty... Crazy D from the SSG... I can't believe that I am writing in your memory book. I can't believe that you are gone. This doesn't make any sense. It's not fair. You're one of good ones... one of the real ones. You're suppose to still have at least 30 or more years left on this shitty shitty earth. Rest in paradise my friend. I'll see you once again. 💔

I went to elementary school with Dusty.. 4th 5th and 6th grade at Oneida Elementary.I moved away to North Carolina in the middle of my 6th grade year but i never forgot him throughout my life. I got to see him one last time about 10 years ago. I was up in Middletown visiting my mom. I thought of him this evening and decided to look him up and I'm devastated to see that he is no longer with us... We had a mutual friend named Robby Davis who also passed away 4 years ago..we all shared the same class.. I'm so sad that so many of my childhood friends have passed away... I'm so sad that Dusty is no longer here. I just keep thinking back to memories of when we were kids never a thought or care just paying on the playground or taking turns reading aloud in class.. he was so talented with his writing and music. I just want to send my condolences to his family. I am so sorry from the bottom of my heart and I'm sorry that this is so late. We lost touch as the years went on and I thought of him tonight and now I'm here writing my condolences. I'm praying hard for his entire family and sending love and light. Good bye Dusty, see you on the other side your memory here on earth will always live on.
