“ I sit here today searching the net and thinking of an old work friend from Armco machine shop. As I search the net I was hoping to find a number to contact him so we could talk about the old days and then this popped up, I had no idea I would find this. Randy was a fellow worker, a good worker and friend. Time flies and I send my deepest condolences to the family. Jimmy

“ I always enjoyed seeing that orange Ford truck pull into the lot because I knew he had a story or a joke to tell. I would get him fixed up, he would share, and then be on his way. Rest well, my friend.
