“ *Sorry gramps I did not go to to your funeral, no one told me you past away. I live with guilt everyday about it. You told me I was your favorite girl and even my own sister knows where I live and did not tell me and dad was shaken that no one cared to tell us. But then again you told me to watch out for these crazy family members. I only have memories of you now, I just hope you know how much I love you and in time others will regret not telling me.*
