“ *I have thousands of them but you'll have to look fisherman I remember one day at the creek his favorite Creek he's about half a quarter mile in front of me waiting in the water to the back waiting and looking at him staring at him listen off of his face and body what kind of look like a bright light energy was lifted coming off of him hovering over him he came back with a full thing of this on the stringers so there wasn't a creek Josh couldnt fish it wasn't a bed of water here couldn't handle.. he was the best ma'am tho me I ever had. Do what you love and love what you do but I can't do anything without him*
