“ *I love you papaw, and I miss you already! But I will see you again. And I don't feel as if I've lost you, because I know you're always with me. Watch over my children papaw and I will always know that because of you I met the love of my life, because of you I knew that great honorable men still exists and I hope to pass on your wisdoms and love to my children as you did with me. I love you papaw, your little fairy, Brit.*

“ *Not really one memory it's just the memory of Mac and Aunt Bonnie always just smiling from ear to ear when even just in the same room together. Just happy to be complete. That is what they did for one another. They made the other whole. Love you, Christina*
