“ *I love you Morethia. You were always my big sis. You helped take care of me & Liz when we were little and mom & dad worked. You & mamaw Parker were like our 2nd moms. You were always good to us & a wonderful role model for us. I could never pronounce your name right when I was a little girl so I always called you “dada”. We have so many special memories of you going on vacations together, singing together, etc. When your poodles had puppies, I wanted one. So I got one, named her Danielle & took her back to Washington DC with me to live when I worked for the Government (Navy) Dept. I had that dog for 16yrs. I’m gonna miss you sis! I know you’re having a reunion with Danny, mom, dad & mamaw, but it won’t be the same here without you! Love you always, your baby sister, Brenda*
