“ I remember the fun times we had a kids and how we played all the time we were inseparable you write my big sis when I was scared to sleep alone you would put me in your bed and rub my hair and tell me it's oh as time passed we became strangers instead of sisters. And that was your choice but I learned to except that you called our cousins. Your sisters which is ok I live them no matter what and in your I bit sis they never mentioned. Our mother Faye or me your sister. Or your brother. James or your other brother Clyde. You have numerous nieces. And nephews. Who you choose to put out of your life. Like none of us existed but we still loved you
