“ Rest easy baby girl until we are together again. A huge part of me went with you. I'm not sure how to move on without you. How do you move on from losing you baby girl. You were such a huge part of my life that. We knew each other better than we knew ourselves. You had such a hard and rocky life for so long. You honestly never knew what kind of impact you really had on people. How special you really were to so many people and I will forever miss you. I love you with all of my heart and will see you again.
