“ *Miss Tamela will be missed so very much. My boys both had the privilege of having her. She helped my oldest so much with his fear of weather. Her gentle kind heart will never go unnoticed. She has influenced many kids and we are forever grateful she has touched our lives. Rest in peace Miss Tamela. We love you!*

“ Tamela was my son's Pre-K teacher at Goddard. She became a friend during that time and even watched our son and other families children so we could enjoy a night out every once in a while. I don't think I ever saw her not smiling, even when life was handing her lemons from all directions. She always tried to make lemonade out of them instead. She had such a sweet personality and loved her families at Goddard. Much love to her family and all of the Goddard Staff. We know you are hurting so much and just know there are so many thinking of you and sending prayers and hugs!

“ Every Morning Ms. Tamela greeted myself and my 3 kids with the biggest smiles and hugs you could ever ask for! She deeply cared for everyone of our children like they were her own and we still visited her even after graduating from her class. One of my sons in particular adored her and still says she was his Favorite teacher of all time and always be! They shared their love of the color green and he continued to enjoy sending her messages especially with car emoji's even after we graduated from her class. He believes that she is now looking over him as his angel. Thank you for sharing her, she was a great blessing to our family. Prayers to your family during this difficult time.-Karen
